

# Ask us about our new PORK-FREE procedures!

The Fresh Stop Café at NHCC is implementing new food safety procedures to ensure your pork-free meal needs.

All you need to do is request for your meal to be pork-free, and our chefs will:

- Immediately change their gloves
- Prepare your meal on a separate pork-free grill
- Use designated pork-free utensils with blue handles, including tongs, knives, cutting boards, scoops, pizza cutters, etc.
- Assemble your meal on wax paper to avoid any contact with pork items
- Wrap sandwiches with green-checkered paper to verify the meal is pork-free

**If you have any more questions about this new process, don't hesitate to ask the chef!**
