Engaging students, changing lives

April 23, 2021

Dear Colleagues and Students:

These are ever-changing times. We know there are a number of hurdles to overcome; collectively we will accomplish the Chancellor's directive and guidance by focusing our efforts on these two priorities:

- **To safeguard the health, safety, and welfare of our faculty, staff, and students**
- **To enable students to progress toward their educational goal**

POSITIVE COVID-19 CASES

We had two students report positive COVID-19 tests this week. No employees reported positive tests and we had no possible exposures.

RETURNING TO CAMPUS PLANNING

As planning begins for returning to campus this fall, we will share plans as they become available.

- There are no updates to report.
