

# Download and install Zoom on mobile devices (iOS/Android)

1. Open up the App Store or Google Play Store on the device and search for **Zoom Cloud Meetings**. Download and install the app.

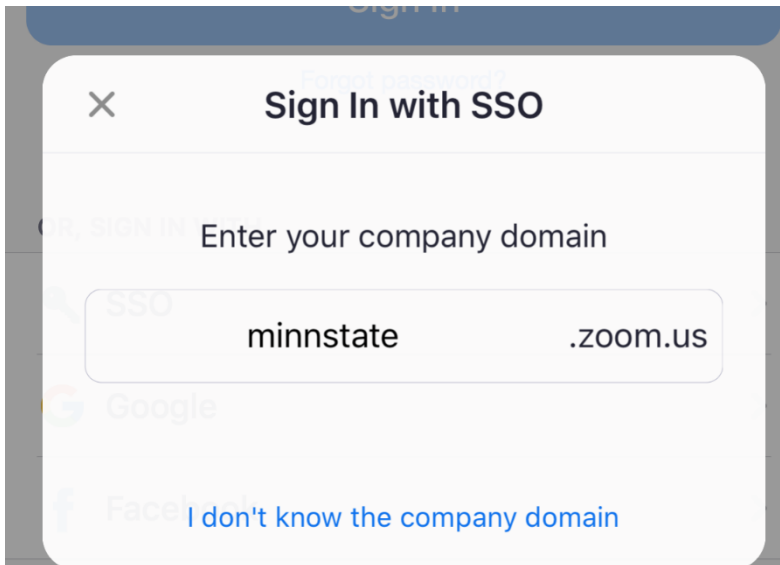

2. Open the Zoom app on your device and press **Sign In**.

3. On the next screen, press the **SSO option**.

4. In the **company domain** field put in minnstate and press go.

5. On the next screen, enter your StarID and password.

## Sign on with your StarID

—

**Sign onto Zoom**

**StarID**

**Password**

**Sign on**

6. If prompted to open this page in “Zoom”? press the open option.
7. You will get other popups regarding Siri, notifications and calendar. You can choose to allow or deny on any of those popups.
8. Your Zoom account is now setup on your device.
