Engaging students, changing lives

January 29, 2021

Dear Colleagues and Students:

These are ever-changing times. We know there are a number of hurdles to overcome; collectively we will accomplish the Chancellor's directive and guidance by focusing our efforts on these two priorities:

- **To safeguard the health, safety, and welfare of our faculty, staff, and students**
- **To enable students to progress toward their educational goal**

POSITIVE COVID-19 CASES

This past week, we had two students and one employee test positive with no additional exposures. Our best defense continues to be handwashing, mask wearing and social distancing.
